Proposed Amendment To Section 9 Of Article 1	Yes Votes	No Votes	Passed:
	21,586	6,064	Yes

Explanation Of Proposed Amendment

The proposed amendment deals with the category of persons who may be denied bail under the Illinois Constitution. The present constitutional provision permits denial of bail only to persons charged with offenses punishable by death where the proof is evident or the presumption is great. If the People of Illinois adopt this proposed amendment, persons charged with offenses for which a sentence of life imprisonment may be imposed may also be denied bail where the proof is evident or the presumption is great.

For the proposed amendment to Section 9 of Article 1 of the Illinois Constitution to permit a court to deny bail for offenses where the proof is evident or the presumption great and a sentence of life imprisonment may be imposed as a consequence of conviction.

Proposed Call For A Constitutional Convention	Yes Votes	No Votes	Passed:
	13,008	41,353	No

Explanation Of Proposed Call:

This proposal deals with a call for a state constitutional convention. The last such convention was held in 1969-70, and a new constitution was adopted in 1970. That document requires that the question of calling a convention be placed before the voters every 20 years. This is your opportunity to vote on that question. If you believe the 1970 Illinois Constitution needs to be revised through the calling of a convention, you should vote YES. If you believe that a call for a constitutional convention is unnecessary, or that changes can be accomplished through other means, you should vote NO.

Proposed Amendment To Section 1 Of Article III	Yes Votes	No Votes	Passed:
	36,503	13,592	Yes

Explanation Of Proposed Amendment:

The proposed amendment to Article III, Section 1, would make two changes in the Section setting forth voting qualifications for Illinois residents, both of which conform the Illinois Constitution to the requirements of federal law. First, the amendment would extend the right to vote to citizens between the ages of 18 and 21. The United States Constitution mandates the 18-year-old vote, and Illinois law has so provided since 1975. Second, the amendment would reduce the residency requirement for voting from 6 months to 30 days, which would bring Illinois law into line with federal constitutional requirements.

FOR the proposed amendment to Section 1 of Article III of the Constitution to conform Illinois law on voting qualifications to federal constitutional requirements.

Proposed Amendment To Section 8 Of Article IX	Yes Votes 29,483	No Votes 15,963	Passed: Yes
--	----------------------------	---------------------------	-----------------------

Explanation Of Proposed Amendment:

The proposed Amendment deals with the problem of tax delinquency on commercial, industrial, vacant non-farm, and large multi-unit residential properties. It has no effect on single-family homes, farms, or apartment buildings containing 6 or fewer units.

Present Illinois law attempts to place tax delinquent properties back on the tax rolls. In addition to an Annual Sale which must be held each year, recent changes in the law permit counties to conduct a "Scavenger Sale" for properties which are at least two years tax delinquent. The highest bidder at the Scavenger Sale receives a tax sale certificate. After the Scavenger Sale, the property owner is given a period of time to redeem the outstanding taxes. The certificate holder can take title to the property after this redemption period has expired.

The Constitution now guarantees the delinquent owner two years to pay back or redeem the delinquent taxes after the Scavenger Sale, with some exceptions: if a commercial, industrial, vacant non-farm or large multifamily (7 or more units) property is five or more years delinquent, the redemption period is currently six months.

The proposed Amendment has two components: First, it would allow the General Assembly to apply a six month redemption period to vacant non-farm, commercial, industrial and large multifamily properties which are two or more years delinquent. Second, the proposed Amendment would allow the General Assembly to apply a one year redemption period to the same properties if they are less than two years delinquent. Note that the Constitution simply establishes guidelines for the General Assembly, which is required to set specific redemption periods through the regular legislative process. The net effect of this Amendment will be that all vacant, commercial, industrial and large multifamily properties (7 or more units) which are two or more years delinquent will have a redemption period of at least six months; and that vacant, commercial, industrial and large multifamily properties (7 or more units) which are less than two years delinquent will have a redemption period of at least one year. It should be noted that the proposed Amendment more than adequately protects all property owners. It has no effect on single-family residences, farms, or small apartment buildings; it applies only to commercial, industrial, and vacant non-farm properties and buildings of 7 units or more. Even tax delinquent property owners will by law receive multiple notices of their delinquency before the property is put up for sale.

FOR the proposed amendment to Section 8 of Article IX of the Constitution to authorize the General Assembly to reduce the redemption period following certain tax sales which occur after property taxes have not been paid on multifamily, vacant non-farm, commercial and industrial property only.

Proposed Amendment To Add Section 8.1 To Article I (Crime Victim's Rights)	Yes Votes	No Votes	Passed:
	53,653	10,536	Yes

Explanation of Proposed Amendment

Article I of the 1970 Illinois Constitution is known as the "Bill of Rights." This amendment will add Section 8.1 to the Bill of Rights to guarantee that victims of crimes have the right:

1. To fair treatment;
2. To be informed of court proceedings;
3. To confer with the prosecution;
4. To make a statement to the court at sentencing;
5. To receive information about the conviction, sentence, imprisonment and release of the accused;
6. To a timely disposition of the case following the arrest of the accused;
7. To be reasonably protected from the accused;
8. To be present at all court proceedings on the same basis as the accused, unless the victim's presence would materially affect the victim's testimony at trial;
9. To have an advocate or other support person present at all court proceedings;
10. To receive restitution.
